CAB.
26/5/22.

26/5

Dated 24 & 26/5/22

Letter No 725 dated the 13th June 1922, from the President M.C. S.26.

Secretary's note. "Pl please. (Init) TV 14.6.22"

Please see GO. 21, 22 & 23.

The President recommends that the appointment may be given to P. Ramayya.

He is a B. Sc. of the Glasgow University.

His qualifications have been set out in his application.

The President doubts whether it would be worth while sending for K.C. Kallappa from England for a temporary post.

Submitted for orders.

C.P.S. 15/6/22 No 15/6

Submitted for orders. The senior applicant seems to be as well qualified as K.P. Kallappa. (4)

I shd prefer to give it appointment (5)
to a Coorg or to a candidate
domiciled in it. Between the
other two I would prefer the
senior Coorg candidate provided
Coorg agrees. I note against
senior Coorg. A Rao is
an uncle in Coorg.
Perhaps the Coorg will claim
employ in — on d or on people.

Notes-*continued*

Margin for binding not to be written on.

I think we might offer the appointment to Mr Ramsay a 6 mile portion. Ld might write to him from Mr Pomeroy Reserve - say this morning at 10am - and if he is agreeable could have copy by 1st passage & we can get this put into effect, if not, have enquiries made for a new Dr

*Ramsay: Dr now - [illegible] a new Dr

Glasgow Agent - explaining delay & asking if same can be applied.

Letter No. 220.117, dated the 14/15 Sept. 1923
from the President, M.C.
to the Resident.

With reference to his letter No. 22.0.117, dated the 3rd Oct 1923, from the Resident sanctioned on the 9th July 1923 the proposals for the establishment of the Special Works Dept. of the Municipality. The proposal to appoint Mr. Edwin as Assistant Engineer on Rs 350 pm. was also accepted.

S. 35

The President recommends the following revised proposals:-

(1) ~~The abolition of a permanent~~ Having unfilled the post of Supervisor on Rs 120-5-150 Rs 30 - motor cycle allowance. Mr J. W. Edwin holds this post.

vide p. 3 of Appendix to the Municipal Budget for 1923-24.

(2) The creation of a post of Sub-Engineer on Rs 200-10-250 plus Rs 30 - motor cycle allowance debitable to the Special works grants from 1st April 1924.

(3) The appointment of Mr. J. W. Edwin to the post of Sub-Engineer referred to above.

(4) The increase of pay of the Surveyor & Draftsman, Special works Dept.; from Rs 70 plus Rs 5 to Rs 80 plus Rs 5.

The President states that if these revised proposals be sanctioned the services of the Asst. Engineer on Rs 350 pm. sanctioned on Rs. 35 will not be entertained. There will be a saving of Rs 120 per mensem.

If approved, the proposals may be sanctioned.

TO

The Secretary to the Hon'ble the Resident in Mysore, Bangalore.

Reference:- Post of Assistant Engineer.

SIR,

I have the honour to invite a reference to the correspondence ending with your No. 4088 dated 10th. May 1922, on the above subject. The vacancy was advertised, and 87 applications have been received.

2. I have interviewed two or three applicants, whom I considered most suitable, and would recommend the appointment of P. Ramayya: his application, and copies of his testimonials are enclosed. I have seen P. Ramayya: he struck me as being keen and capable.

3. With reference to your d.o. letter No. 4150 dated 12th. May, and subsequent reminder of 26th. May, I have to say that I see no objection to the appointment of K. P. Kallappa, if the Hon'ble the Resident so prefers it. I only doubt whether it would be worth while sending for him from England for a temporary post: and I would, ofcourse, have preferred to see him first.

I have the honour to be,

Sir,

Your most obedient servant,

T. Austin 13/6

President, Municipal Commission.

3 testimonials and 4 merit certificates;

B.Sc., degree, D.R.T.C., diploma and other original certificates along with the design will be presented at the interview.

THE ROYAL TECHNICAL COLLEGE, GLASGOW.

Department of Civil Engineering .

I certify that Mr. Lakina Ramayya attended the 1st and 11nd Evening Classes in Sanitary Engineering in this department during the session 1914-15 with regularity and that he performed the work of the classes in a satisfactory manner.

Dated 4-12-1917.

(Sd) G.Honour, Professor of Civil Engineer.

(Sd) Gilbert Thomson, Lecturer in Sanitary Engineering.

Testimonial No.1.

The Royal Technical College,

Glasgow,

5th December 1917.

I have pleasure in stating that Mr.W.Ramsay attended the full courses necessary to obtain the degree of B.Sc., in Engineering of Glasgow University and also the Diploma of the College in Civil Engineering, in both of which he was successful.

In addition to the pure science subjects such as Mathematics Chemistry Natural Philosophy, Engineering, Electrical Engineering, Mechanics, Theory of Structures, Drawing and Design of Structures, Railways and Roads, Harbours and Docks, Waterworks and Sewerage and Surveying and Levelling. The latter course comprised a period spent in camp where practical surveying and levelling work of all kinds was carried out and surveys, sections and contours plotted. During his whole course of study Mr.Ramsay worked consistently and well indicated considerable initistive and independence in carrying out anything given him to do. He is a hard and steady worker and a neat draughtsman.

Besides day classes he also attended evening classes in Sanitary Engineering courses 1 and 11 under Mr.Gilbert Thomson M.A., M.R.San.Inst., A.M.I.C.E., for which he obtained certificates.

Apart from his studies Mr.Ramsay was for 10 months in the office of Mr.A.Bishop M.I.C.E., Divisional Engineer of the Caledonian Railway where he obtained valuable experience both in office and outdoor work. Subsequently to obtaining his Degree he was employed as a paid assistant in the Drawing office of Messrs William Baird and Son. Temple Iron Works where he gained experience in the design of girders, roofs and floors of buildings.

He has made good use of the time he has spent while in training here and should prove a useful assistant to anyone requiring his services. I have a high opinion of his personal character and cordially wish him success in his after career.

Sd:-G.Gerard.
Professor of Civil Engineering.

Testimonial No.2.

The Caledonian Railway Company

District Engineer's Office,

16 Millermont Street,

1146/15 GLASGOW. 22nd March 1917.

-I have pleasure in stating that Mr.Jacinto Romeyya spent his vacation months of 1915 and 1916 five months in each gaining -- practical experience in Railway Engineering on the Central District of this Railway.

Mr.Romeyya was engaged in Levelling and Surveying and General office work, and during that time he had frequent opportunities for studying permanent way work in the office and outside. He was -also engaged in work connected with the maintenance of bridges and other railway structures of various kinds.

He was very attentive to his work and took a very intelligent interest in it. I have therefore much pleasure in recommending him to anyone requiring his services, all the more so considering that the knowledge gained here along with his University training would make him a very efficient Assistant.

Day classes session 1913-14. Certificate of Merit.

Maxima Ramayya,

having attended satisfactorily the class in ENGINEERS, LABORATORY COURSE ii., has been awarded this First Class Certificate on the results of his work during the Session.

John T.Longbottom,

This certificate is issued in respect of the syllabus of work ~~and under the regulations stated on the back hereof~~ and is approved by the Scotch Education Department.

SYLLABUS OF WORK.

ENGINEERS.

Laboratory Course ii.

Experiments on shear stress and shear strain. Twisting of bars and determination of the modulus of rigidity of various materials. Determination of the modulus of rigidity by torsional oscillations of wires. Trifilar suspension table. Bending of beams laws of strength and stiffness. Stiffness of spiral and helical springs. Harmonic motion. Compound pendulum. Experiments on energy of a rotating body. Friction of ropes and belts. Flow of water through orifices and over weirs. Flow of water ~~through orifices and over~~ through pipes and bends. Efficiency of Pelton wheels. Stress strain diagrams and ultimate strength of metals under direct tension, torsion, shear, and compression in testing machines. Impact and hardness test.

Merit Certificate No.3.

THE ROYAL TECHNICAL COLLEGE, GLASGOW.

Day classes, Summer session 1914, Certificate of Merit.

Makins Ramayya

having attended satisfactorily the class in Surveying course ii. has been awarded this second class certificate on the results of his work during the session.

C.Moncur B.Sc., M.I.C.E.,

This certificate is issued in respect of the syllabus of work stated below and is approved by the ScotchEducation Department.

Syllabus of work,

Surveying.

Course ii.

Surveying with chain; accuracy of chaining and corrections made; ranging out lines over obstacles and undulating ground; method of laying out a scheme of surveying lines, and carrying out the work; method of keeping field book and plotting surveys; calculation of areas of land and quantities of earthwork; more accurate surveys by steel band and angular instrumental measurement of angles and bearings; traverse surveying. Plotting by latitude and departure; adjustment of surveys. Tacheometric surveying. Marine surveying and sounding. Methods of levelling, keeping level book and plotting longitudinal and cross sections. Contouring - contour gradients and preparation and use of contour plans. Location of routes and staking centre lines including setting out of ordinary and transition curves. Determination of the meridian and latitude and longitude. Use and adjustment of theodolites, tacheometers, levels, sextants, surveying compass &c., Geodetic surveying and precise levelling.

The course included three weeks of practical field work under working conditions during which the students were encamped. A - survey of two miles long was carried out and routes were located, levelled, cross sectioned and staked out. The surveys were plotted and contour plans, and sections made. Practice was afforded in all work treated of in the lectures.

Mss. Copy of No. 4.

Subject:- Mr. K. P. Kalappa, Assistant Engineer on the Temporary Works Establishment.

Sir,

I have the honour to invite a reference to the S.33 correspondence ending with your No.2793/280-1920 dated 6th April 1923.

Mr. Kalappa was appointed Assistant Engineer on the Temporary Works Establishment, with effect from 16th August 1922; on probation for six months. This probationary period has been, at my request, extended for a further period of six months from 16th February 1923. Neither Mr. Murphy nor myself consider that Mr. Kalappa is entirely suitable for his present post, and I request permission to inform him that his services will not be required after 14th August 1923.

I have the honour to be,
Sir
Your most obedient Servant,

T Austin
23/6/23
President, C.

B.P.22/6/23.

R. O. 2.—R. P. B.—11—1922.—5,000.

No. 5131 ENCLOS. *Dated Bangalore,* 30 July 192 3

FROM

A.M.L. Cater, Esq., I.C.S.,
SECRETARY TO THE RESIDENT IN MYSORE.

To

The President,
Municipal Commission,
Civil and Military Station, Bangalore.

Subject:— Regarding the appointment of Mr. M.P. Kalappa, Assistant Engineer on the Temporary Works Establishment.

SIR,

S.34
32

With reference to your letter No. E.E O 117, dated the 23rd June 1923, I am directed to state that the Resident approves of your proposal to inform Mr. Kalappa that his services will not be required. He thinks that a slightly longer notice should be given, say till the 1st September 1923.

I have the honour to be,
Sir,
Your most obedient servant,

O/C

S/d A M L Cater.

SECRETARY TO THE RESIDENT.

File No.

To

The Secretary to the Hon'ble the

President in Mysore,

Bangalore.

Subject:- Regarding the appointment of Mr. P. K. Kalappa, Assistant Engineer on the Temporary Works Establishment.

Sir,

With reference to the correspondence ending with your letter No.5131 dated 3rd July 1923 I have the honour to state that I have reconsidered the matter in consultation with the Executive Engineer. Since his arrival Mr. Kalappa has been employed entirely on Maintenance work: his lack of practical training and of experience has been a great handicap: he relies too much on his subordinates and he cannot design: -- Mr. Kalappa has not enough 'Go' in him for this work and we consider it unfair to the Municipal Commission that he should continue in the post. For these reasons I recommended that his services should be dispensed with.

2. In your No.5307/200-1920 dated the 9th July 1923 you have conveyed the Hon'ble the President's sanction to the Municipal Commission's proposals for the establishment for the Special Works Department. These include the appointment of -- Mr. J.W. Edwin as Assistant Engineer. It has occurred to me that it might be considered unfair not to try Mr. Kalappa on purely engineering work; for which, there is no doubt he is theoretically fully qualified. I propose, therefore, if the Hon'ble the President will be pleased to concur, to appoint --

Mr. Kalappa as Assistant Engineer in the Special Works Department and Mr. Edwin as Assistant Engineer on Maintenance. In this post Mr. Murphy will have Mr. Kalappa under him directly, and will see his work daily and will be able to train him. Mr. Murphy thinks that Mr. Kalappa may shape better in this sphere. At any rate he may be tried here for a further six months.

3. The objection to this suggestion is that I cannot recommend that either Mr. Kalappa or Mr. Edwin should act for Mr. Murphy, in the event of the latter taking leave. When, however, the Blackpally drainage scheme has been sanctioned, an Engineer will be required solely for that and I will make a point of recommending a man whom I consider suitable to act for Mr. Murphy.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT, M. C. 10/7

LVP/10-7-23.

Subject:—

Regarding the appointment of Mr. K.P. Kalappa Assistant Engineer on the Temporary Works Establishment.

SIR,

I am directed to refer to your letter No. E.E.O.117, dated the 11th July 1923, and to say that the Resident agrees to your proposal to appoint Mr. Kalappa on purely engineering work. It is presumed that it is intended to limit his engagement to 18 months in all.

2. The services of Mr. F.E. Schomby, Honorary Assistant Engineer, Coorg, who is to retire shortly will be available shortly. The Resident considers that it might be desirable to engage Mr. Schomby for some special

special works, e.g., the market and the Gosha Hospital. Two competent Assistant Engineers would not be an excessive staff for the large works now in progress and might mean economy in the end. I am to invite your views on this suggestion.

I have the honour to be,

sir,

Your most obedient servant,

Sd/ A P L Caley

SECRETARY TO THE RESIDENT.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

I have the honour to invite a reference to para 2 of your letter No.5671/280-1920 dated 19th July 1923. The services of another Assistant Engineer will be required so soon as work is started on the New Market and on the Black-pally drainage scheme. The Executive Engineer thinks that a Sub-Overseer can efficiently supervise the construction of the Gosha Hospital: I agree with him. I have seen Mr. F.E. Schembry: he told me that he did not want to take up any more work until after December 1923. I am willing that he be engaged later for the two works mentioned above.

~~Sir~~,

Subject:- Appointment of Mr. F. E. Schembry as Special Engineer on the Temporary Works establishment.

Sir,

1148

I have the honor to state that on receipt of your letter No. 8624/280-1920 dated 29-10-1923, I asked Mr. Schembry to submit a formal application for the post of Special Engineer, in the temporary works establishment This Mr. Schembry has now done. But, as the New Market and Blackpally drainage schemes are to be held in abeyance, there are no special works on hand now, which require a Special Engineer. Shall I tell Mr. Schembry that his services will not be required?

SIR,

Appointment of Mr. [illegible] P. Kallappa as Assistant Engineer on the temporary Works establishment.

S.38 With reference to para 1 of your letter No. 5671/[illegible]-19[illegible] dated 19th July 1923, I have the honour to state that Mr. Kallappa completed 18 months' service on the 15th of Febru[illegible] 1924. The Executive Engineer reports that Mr. Kallappa has worked very hard and has given him entire satisfaction in the execution of his duties, and recommends that he may be confirmed in his appointment. I agree with the views of the Executive Engineer, and request that the Hon'ble the Resident will be pleased to confirm Mr. Kallappa as Assistant Engineer on the temporary Works establishment.

I have the honour to be,
